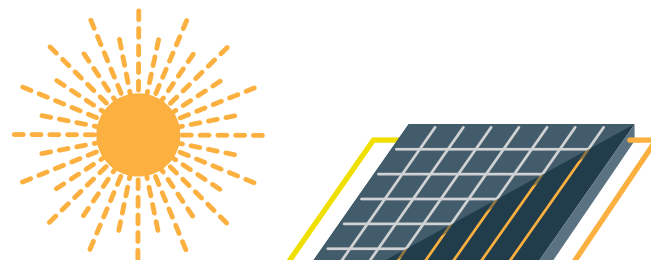

Photovoltaic thermal (PVT) collectors

1.7 million m²
PVT collector area
is in operation
globally

Uncovered
PVT collectors
dominated the global
market 2024 (80%)

Significant
growth reported from
Austria, United Kingdom,
Germany and the
Netherlands in 2024

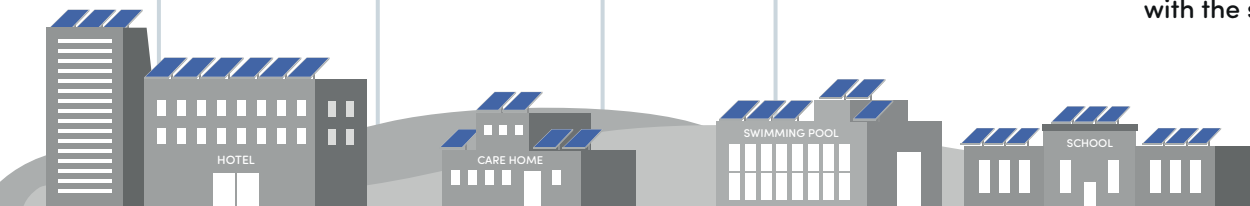

Newcomers
energize the
PVT industry

Solar Electricity

Solar Heat

3 to 4 times more total energy
(including heat and electricity)
than a photovoltaic system
with the same area
